PROFESSIONAL PROFILE

Enthusiastic Software Engineering student proficient in C#, Python, and .Net Framework, with a strong grasp of software development principles. Demonstrated success in collaborative team environments, delivering high-quality solutions on time. Pursuing an HND in Computing at E-Soft Metro Campus, specializing in Object-Oriented Programming and Software Development. Eager to contribute technical expertise and work ethic to a dynamic software development team. Seeking real-world projects to apply and expand my knowledge.

EDUCATION

Higher National Diploma in Computing (Reading)
E-Soft Metro Campus, Sri Lanka
From March 2023

Diploma in Information Technology
E-Soft Metro Campus, Sri Lanka
From 2018 to 2019

High School Education
BT/Methodist Central College, Batticaloa
From 2005 to 2018

PROJECTS

Account Management System
Developed an Account Management System to streamline tracking and management of stock, showcasing proficiency in C# and .Net Framework. Implemented real-time updates and user-friendly interfaces for efficient inventory control.

Cisco Packet Tracer Network Optimization Project
Designed and implemented a comprehensive network architecture using Cisco Packet Tracer to optimize connectivity and performance. Demonstrated expertise in routing, switching, and VLAN configuration.
